Gail,

I recommend release. We will continue to monitor usage based on current forecast. Once updated forecast is received, it will be saved to the support documentation folder for reference.

Yes, I will ask them for one. Please release this order in the meantime though.

Lisa,

Is it possible to obtain an updated forecast? At a minimum for the oxycodone 15mg and 30mg SKUs? See attached for original 2015 oxy forecast.

Thanks,

Jen

Hi Jen,

Please see below. We have given several price decreases for the OptiSource group, so I would expect to continue to see an increase for these members.

Thank you,
Lisa

Lisa- Mallinckrodt has had many items become lower priced on opti-source so I am selling more of them now than I was before and less of other manufacturers. Thanks
